This little bit of history is slipped from an exchange. No comment is necessary. It tells the whole story of the trade of business success.

Richard J. Reynolds is a millionaire tobacco manufacturer. He began active life as a day laborer in a tobacco factory. Advertising made him the agent \$4,000 the first year that profits appeared to him. The next year he increased it to \$10,000 and his business doubled. Now he spends a fortune every year in advertising his goods and makes his fortune. Publicity is the thing. The who man has plenty of it.

The Ford—a great utility because it serves all the people. The popular choice, because it gives better service at a lower cost. Popular again, because it is simple and easily understood by everybody. And with all the refinements, it is still the same dependable Ford, and sells for \$80 less than last year—besides the plan of sharing profits with the buyers.

Buyers will share in profits if we sell at retail 200,000 new Ford cars between August 1914 and August 1915.

Touring car \$499; Runabout \$440; Town Car \$390; Coupelet \$170; Sedan \$375; L. & D. Detroit with all equipment.

PENSION MEASURE SIDE-TRACKED IN HOUSE—RAKED FOR RESOLUTION

Austin, Texas, May 4, 1915.
Mr. J. S. Hardy,
Snyder, Texas.

My dear Mr. Hardy: Doubtless you have already noticed from the public press that the resolution which your Confederate Camp desired acted upon came up for consideration on the first day we were in session. The resolution having been introduced by Mr. Hopkins of Denton. The Resolution was defeated on a motion to indefinitely postpone. I am sending you under separate cover a copy of the House Journal which will show you the recorded vote on the resolution. You will note that I voted against the motion to indefinitely postpone, which was a vote in favor of the resolution. I did this in compliance with my agreement with your Camp to abide by their wishes which I understand were expressed in a resolution that was adopted and forwarded to the Governor. We found, after an investigation that a matter of this kind did not have to be submitted for his consideration by the Governor, therefore it was brought up at the earliest opportunity with the result above stated.

With kindest personal regards, I am, Sir, yours truly,
T. F. BAKER

CALUMET SALIVATES AND MAKES YOU SICK

Acts Like Dynamite on a Sluggish Liver and You Lose a Day's Work.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tonic—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can't seltate.

Children and grown folks can take Dodson's Liver Tonic because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tonic instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, swollen tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tonic better than the horrible calomel your money is waiting for you. (12)

FIRST CHRISTIAN CHURCH NOTES

Mother's Day was observed and an appropriate sermon preached on Sunday morning. The text was taken from Solomon's great tribute to the mothers of Israel in the last chapter of Proverbs, "Her Children Rise Up and Call Her Blessed."

The secret of motherhood could be seen in the words and actions of Hannah: "For this child I prayed; and Jehovah hath given me my petition which I asked of him; therefore also I have granted him to Jehovah."

The night service was well attended. Revelations 20:1-4 was the text.

The lesson studied in the Bible School was great. The binding of two manly hearts and the staying in death when every influence was brought to bear to sever the relationship. The world's need today is the close friendship which existed between David and Jonathan. The attendance was good.

Everything is now being focused on the Union meeting that begins on the 23rd. The city has combined to build the tabernacle and it will be ready for the meeting. It will be a splendid building, conveniently located and will accommodate all who desire to attend the meeting. The Hamilton Company will be in Snyder some days before the meeting begins.

Next Sunday we desire a good attendance. "Spring Cleaning" will be the subject of the service. A timely subject, the discussion of which will interest and be of profit to all members.

At night the illustrated sermon on the life of Christ during his Judean ministry will be preached. To know Christ is to love Him. All who possibly can should attend and hear this address.

HERMLEIGH

One of the most unique socials of the season was an informal shower given by Mrs. A. J. Kemp for the Primillas in honor of Mrs. C. Patterson. The bride being one of Hermleigh's most accomplished and popular young ladies made it very interesting.

Crackling and sizzling was pronounced with an eye on the program as the shower was to be a surprise to the ladies. All were later found to be away from work and holding in a name of Mrs. W. H. of paper were passed to the guests and asked to perform all duties as master directed or pay a fine. Mrs. Patterson received paper directing her to different parts of the house while the other guests were directed to follow Mrs. Patterson. With much joy and fun the directions were carried out and after much laughter around Mrs. Patterson was directed to the place where a small silver wagon beautifully draped in crepe paper, held the miscellaneous shower.

After appreciation and thanks were extended to the ladies, cake and cream were served.
